An eTourist Visa (6 months) is designed for people to visit Australia for a holiday, sightseeing, social or recreational reasons, to visit relatives, friends or for other short-term non-work purposes. Work is strictly prohibited.

DIBP's global visa processing times indicates that 75% of eTourist visa applications are finalized within 3 weeks of receipt of a complete eVisa application by DIBP. It is our experience that complete eTourist visa applications of ETA eligible nationals prepared and lodged by our office are generally finalized more promptly.

Actual processing times of your application may vary depending on a range of factors including whether your application is complete, checking by external parties if required (health, character, national security), how promptly you submit additional information (if requested), surges in demand and peak periods. Please apply well before your proposed travel date. You should not finalise your flight arrangements until your visa has been approved.

An eTourist Visa will be linked electronically to the passport you provide with your application. You must use the same passport to travel to Australia.

Should your *e*Tourist Visa application be approved by DIBP, you will receive a written notification of DIBP grant from our office. We incur no liability for financial loss or otherwise if *e*Tourist Visa processing is delayed or your visa application is refused.
